

How my future classroom will look like? Get a glimpse of EDHEC classroom.

EDHEC class.jpg

Every year we receive, from all over the world, a great number of applications for our [Master in Management programme](#) (MIM).

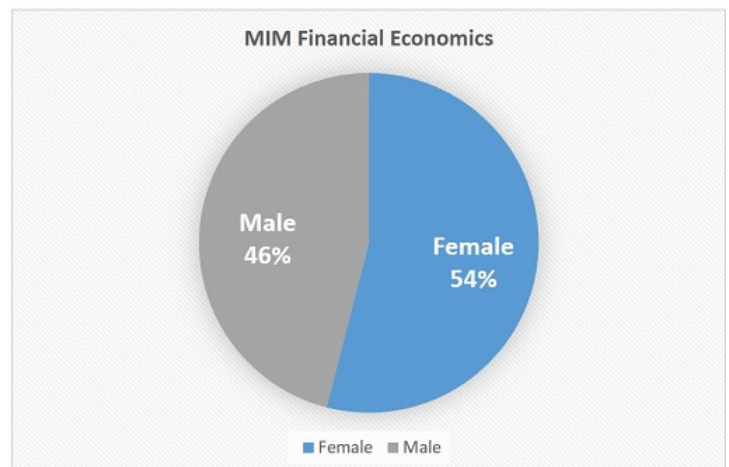

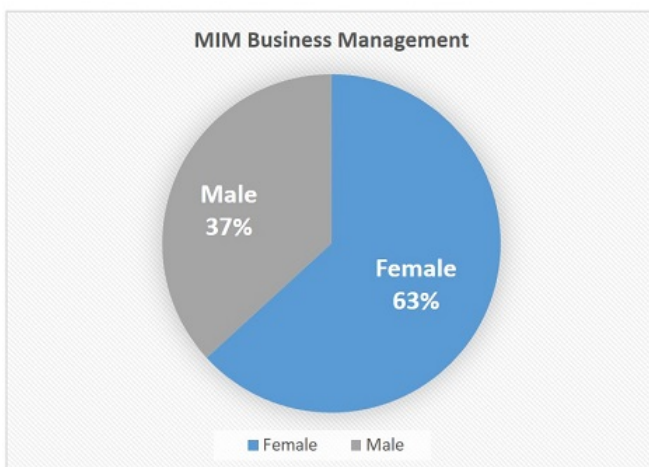

The 2017- Students arrive with a diverse range of experiences and educational backgrounds. They possess academic excellence, strong analytical skills, high interpersonal competencies, and a deep international awareness. Their motivation to join the programme and capability to create a significant contribution to the learning experience have made them stand out above many candidates. They are now excited to take part in a life changing experience!

As we approach the next intake of September 2017, you can discover what is interesting about your future classmates, their profiles, and how much experience they carry.

Do you want to know your future classmates? Take a look at the 2017 Master in Management, Business Management & Financial Economics student profiles & their academic background:
