

Programme Strengths

Message from the Dean.

Emmanuel Métails, PhD,
Associate Dean for Graduate Studies
Professor of Strategy

Preparing you for an ambitious career

"In choosing to study at EDHEC Business School, you will be attending one of Europe's leading schools which has been created by entrepreneurs, for entrepreneurs. EDHEC is internationally renowned for its academic excellence and its unique synergies with the global business world. Our mission is to provide an outstanding educational experience to talents eager to learn and act differently. Our Grande École programme awards students with a double degree (Master in Management and Master of Science) through a wide range of specialised programmes. EDHEC Masters will help you grow and access an international,

ambitious and fulfilling career."

The EDHEC Master in Management (MIM) is a 2-year academic programme awarding a double degree*: **Master in Management** and **Master of Science**. Entirely taught in English, the programme, also known as "**Grande École**", is specifically designed to prepare students for international careers in Business Management or Financial Economics.

*Master in Management, Global Economic Transformation & Technology (GETT) track graduates will be awarded the EDHEC Master in Management degree (Diplôme Grande École), the Diploma in Global Economic Transformation & Technology from the Haas School of Business at the University of California Berkeley & the Certificate in Management Studies from SKK Graduate School of Business.

Financial Economics

[Master in Management Financial Economics & MSc](#): your passport to professional excellence.

If you are a young graduate or young professional, our flagship Grande École programme will provide you with the opportunity to study for a double degree: the Master in Management and the Master of Science. The full-time programme is taught entirely in English, and is specifically designed for talents with a first degree in a numerate discipline seeking international careers in finance. The first year equips you with the fundamental knowledge in finance and technical competencies required for your qualification and specialisation internships as well as for your Master 2.

The programme benefits from its close ties with leading companies and the support of its Corporate Programme Sponsors and Academic Partners:

Business Management

[Master in Management Business Management & MSc](#): a challenging double degree.

Our flagship programme, the EDHEC Master in Management (Grande École) awards graduate-level students and young professionals a double degree: the Master in Management and the Master of Science. The two-year academic programme is taught entirely in English, and is specifically designed - through challenging and applied learning - to prepare you for international careers in a precise business field.

The programme benefits from its close ties with leading companies and the support of its Corporate Programme Sponsors and Academic Partners:

Global Economic Transformation & Technology (GETT)

- *New programme starting September 2017*

The new Master in Management, [Global Economic Transformation & Technology track \(GETT\)](#) will expose you to the managerial talents desired by companies serving the needs of sustainable development and meeting the challenge of disruptive change caused by advances in information and technology. This two-year academic programme, in partnership with UC Berkeley's Haas School of Business (California) and Sungkyunkwan University SKK GSB (South Korea), three schools driving business transformation around the world will offer you direct access to the cities, communities and concepts transforming the world of business.

EDHEC at the heart of Research and Business

At EDHEC, our educational model binds teaching, research and business. Our academic expertise and our understanding of the "real world" generate a virtuous circle of knowledge that benefits not only our academic programmes, but also our business partners and the community as a whole. It lead us to being one of the most referred Business School in international prestigious titles.
